LED C7 FILAMENT BULBS & C9

Bring the classic look of Incandescent bulbs to your next project without sacrificing the energy savings of LED. Our new HBL exclusive LED Filaments create a hot spot, giving these bulbs that timeless warm glow.

Never worry about using delicate glass bulbs again.

These patented bulbs are designed with a polycarbonate shell to be scratch and shatter resistant, ready to stand up to any kind of weather.

Keep consistent colors year after year.

The bulb shells are made of UV protected colored material, ensuring they don't fade from year to year and you never have to worry about chipped bulbs creating inconsistent color in your installations.

G50 LED BULBS

G50 bulbs are transparent light bulbs perfect for any holiday season. They fit in standard C9 cord, making it simple to switch colors for any occasion. The SMD Diode LED bulbs are 10 times more energy efficient than incandescent bulbs and will last much longer than a standard incandescent bulb, giving you years of enjoyment.

LED LIGHT DROPS

Tube style LED light drops are hypnotic, engaging, and yet peaceful; making them perfect for both indoor and outdoor holiday decorating. Each LED light drop has color LED diodes on two sides. The diodes light in a top to bottom motion for a raindrop effect. Cord is not included, we recommend using the 5 socket 72" spaced C9 cord. This cord is 26' in length and provides perfect spacing for creating clusters of light drops for motion in trees.

C7/C9 Pathway Stake - 5"
AC-5PATH

Use to accent pathways or driveways
with C7, C9, or G50 LED bulbs.

C7/C9 Pathway Stake - 10"
AC-10PATH

Use to accent pathways or driveways
with C7, C9, or G50 LED bulbs.

3', 6', and 12' Black Jumper Cord
AC-JCB-3, AC-JCB-6, AC-JCB-12

Jumper cord is a thin gauge, outdoor
durable extension cord with a fused base
plug. These are most commonly used for
bridging a small gap when connecting
holiday lighting decor.

6' and 12' White Jumper Cord
AC-JCW-6, AC-JCW-12

15 AMP Mechanical Pin Timer
AC-TIMER

Outdoor durable 15 AMP holiday
lighting and multi-use timer.

Plastic "S" Hook
AC-PSH-500

The plastic "S" hook is designed to
clip onto gutters and hang Light Links
or other Christmas displays from the
other side of the clip.

Black Metal "S" Hook - 8"x6"
AC-MSH8

The metal "S" hook is perfect for hanging
3D decor items like starbursts, starlight
clusters, foldable spheres and more.

**15 AMP Dusk/Dawn 6 Mode
Mechanical Timer**
AC-6MODETIMER

Outdoor durable 15 AMP holiday
lighting and multi-use timer.

Light Test Unit
AC-LTU

Holiday lighting electrical continuity tester.
This "Bad Bulb Detector" is a professional
holiday decorator's main tool. The tester
can be used on incandescent bulbs. LED
lights can be tested as well by plugging
in the included light probe.

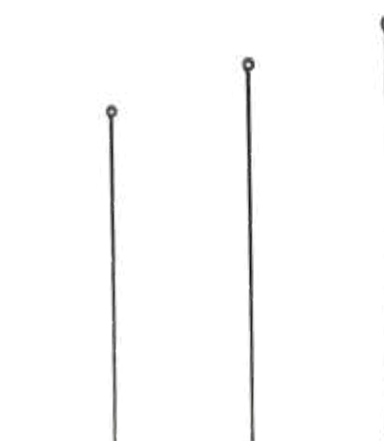

**Green Pole Hook
Aluminum Attachment**
AC-PL-HOOK

This helpful tool is threaded to be placed
on top of any fiberglass telescoping
extension pole, allowing difficult to reach
places to be accessed when decorating
larger trees.

**36' Curly-Q Metal Yard Stake
Set of 6**
AC-36CRLQ-STK

This is a perfect yard stake to decorate
pathways and driveways with light
strands such as C7/C9 socket strands
and rope lighting. The Curly-Q yard
stake also works well for hanging other
Christmas decor items.

Metal Stake with Washer (NEW!)
Available in 4', 5', or 6'
AC-MS-4, AC-MS-5, AC-MS-6

With their minimalistic design, the metal
stakes with washers are perfect for
hanging shimmer sphere, radiant blasts,
and other light decor without distraction.

Y-Stake - Adjustable 4'-6'
AC-YSTK-46

The outdoor durable Y-Stake is used to
display holiday decor and can be adjust-
ed to 4' or 6' heights. The two hooks at
the top of the "Y" allow the stake to hold
the display with ease.

LED LIGHT LINKS

Light Links will give any roofline an elegant holiday look. With many holiday designs to choose from, there are options to fit any style. Each Light Link has a four foot length, which makes them perfect for connecting end to end for easy decorating - connect up to 40 Light Links for coverage on even extra long rooflines.

LED-TWIG60-TR

LED Twigs consist of three connected 32" stakes with wire wrapped stems. Each set of twigs has 60 lights. The smaller size makes Twig lights perfect for indoor or outdoor use in floral displays, trees, or staked into the ground. A 45" lead cord and 30" between each stake gives you extra length to work with when creating standalone displays.

LED 3D RADIANT BLASTS

Add motion to your display this year with 16" Radiant Blasts. With 8 dancing lighting functions to choose from, they are a perfect accent piece. With a built in memory function, they will return to your favorite setting every time power is restored, so you can hang them in even hard to reach places like tall trees or awnings.

8 Lighting Functions:

Combination
In Waves
Sequential
Slow Glow
Chasing/Flash
Slow Fade
Twinkler/Flash
Steady On

8 MOTION
FUNCTIONS!

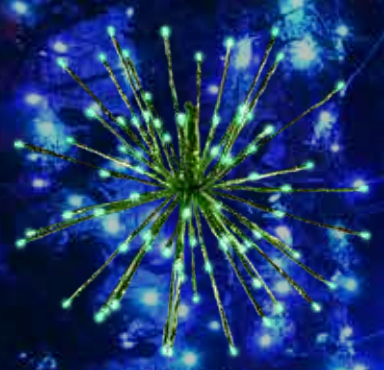

NEW
ITEMS!

For an even grander statement, decorate with 24" LED Radiant Blasts. With more lights per stem, these wow with a beautiful exploding firework effect. Choose one of eight gradually increasing speeds or choose to have them set to "Steady On" so all of the lights are lit. Whatever function you choose, the built in memory function ensures they will return to the last function used when power is restored. Flexible branches can be positioned into any formation you like, and easily fold back to a closed position for compact, easy storage.

Call For A Quote on
Larger Sizes!

Tower Tree Features at a Glance:

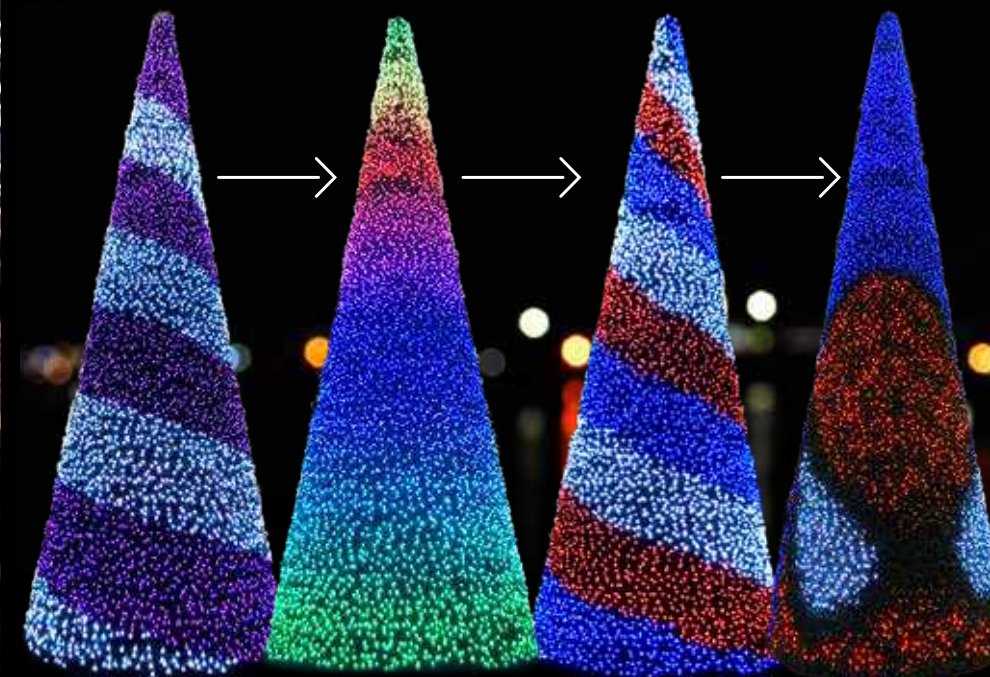

- Add height in 2 foot sections for trees ranging from 12 - 60 feet high
- Evenly shaped from the base through the top
- Engineered cable points and heavy duty wiring harness secure the tree
- Commercial-grade construction for indoor or outdoor use in homes and businesses
- Strong framework designed to withstand weather and weight
- Identical branches used throughout for easy assembly
- UV protected foliage
- 5-year frame warranty

Commercial Tower Trees are constructed with a steel frame design and lush evergreen branches that sweep gently outward. All HBL tower tree pre-lit branches are the same size and are easily attached to the tree frame without having to hunt for specific placement of each branch. HBL trees are made with the highest degree of commercial-grade standards for any home or business project.

Mini Tower Trees are designed with the same commercial-grade standards, with a smaller size steel frame and a slender look. Mini tower trees are perfect for smaller budget projects that still need a wow factor.

Tower Tree Construction

For a truly stunning commercial tree option, display the Twinkly Pro RGB Cone Tree. The dense lighting allows you to clearly display patterns, images, and more - all with captivating motion features. Switch from one effect to the next with ease on the Twinkly Pro Smartphone App.
